Thanks for purchasing Golly Galoshes fabulous equine gaiters, a quality product designed and manufactured in the United Kingdom.

Caring for your Golly Galoshes couldn't be easier, after use:

- Remove from horse and simply leave to dry naturally in warm room (not on or in direct heat)
- Prior to use, simply brush off dirt, mud and debris and they are ready to go again!
- Follow this routine after every use. Should you be riding in very muddy conditions or they become stained, Golly Galoshes recommend that you wash them to ensure they retain their good looks.

These gaiters have been extensively trialled across all disciplines and conditions and were created to put the fun back into horses by saving you time and money cleaning and replacing your expensive boots and bandages! Golly Galoshes are used worldwide by riders of all levels and disciplines from happy hackers, carriage drivers through to show riders, dressage riders, show-jumpers and eventers.

Golly Galoshes are also proud sponsors of top eventer and racehorse re-trainer Victoria Bax and Para-Dressage rider Natasha Baker, who choose to wear our gaiters both at home and during competition preparation.
